Sports Liability Insurance

Liability - Public & General

In this increasingly litigious world, all stakeholders in sport need to be protected against the potential for being sued. We provide protection for those who are held legally liable for causing personal injury or damage to property. Our policies are tailor made for sports risks.

Professional Indemnity

Given the number of high profile cases where injured or disgruntled sports people have sued coaches and officials for damages because of alleged negligent instructions, club and association officials and trainers need the protection of our professional indemnity policy.

Sports Specialists

All Sportscover policies and claim forms have been specially designed to meet the unique needs of sporting clubs, associations, athletes and fitness centres.

This is part of the reason why Sportscover is a world renowned specialist with millions of clients globally.

Strength and Security

Insurance is about providing peace of mind – making sure that when accidents occur you have quality insurance to back you up. Sportscover's policies are all provided by A rated insurers, the majority through Sportscover's own Lloyd's syndicate, so you can be sure that you have the strength and security that you need from your insurer.

All of the policies issued by Sportscover's Lloyd's syndicate are backed by Lloyd's impressive chain of security.

Code of Practice

Sportscover supports the General Insurance Code of Practice. The purpose of the Code is to raise the standards of practice and service in the general insurance industry. See further details in our policy wordings or on our website.

Directors & Officers

Association/Federation or club office bearers, including directors and committee members are at risk due to a growing range of legislation and regulation relating to discrimination, health and safety, financial mismanagement, equal opportunity, pollution and employment practices. Our Directors and Officers policies provide peace of mind.
